Heavy polishing machine for industry Bench model

 # 1022373

POD industrial polishers w/ belt arm - POD 8 / 2800

The POD 8 Polisher from KEF is the perfect polishing machine for those who are looking for a powerful polisher that is capable of handling typical tasks and at the same time helps maintain a healthy working environment by emitting low levels of mechanical and electrical noise.

The spindle shafts are precisely placed in well-shielded dustproof ball bearings.

KEF POD 8 comes complete with two polishing guards and is set up for connection to an exhaust system that is available for purchase as extra equipment.

POWERFUL MOTOR!

SCANTOOL GROUP Industrivej 3-9, 9460 Brovst +45 98 23 60 88 info@scantool-group.dk

The motor in the polishing machine is wound at our own factory in the town of Brovst, North Jutland, which is why we guarantee a quality motor that can operate continuously without needing downtime for cooling. The motor is encapsulated in a strong cast-iron structure that protects it against external impacts. If the polishing machine is used in accordance with the enclosed instructions, we vouch for a machine that will have a very long service life. Therefore, we offer a 5-year warranty on the motor.

BUILT FROM EXPERIENCE

KEF has been manufacturing polishing machines for more than 100 years and is famous for its reliability, power, and quality materials. All polishing machines supplied by KEF live up to all safety requirements in accordance with the CE marking and thus are equipped with separate emergency stop devices.

KEF POD 8 GIVES YOU

• An efficient and powerful motor that does not need downtime for cooling.

• A low-noise and powerful polishing machine without vibrations.

• Large polishing guards – available with exhaust spigots

• Excellent safety with a separate emergency stop in accordance with the CE marking requirements.

• 5-year warranty on the motor

• Flanges and nuts and open polishing guards.
