Double belt grinder for industry

 # 1022376

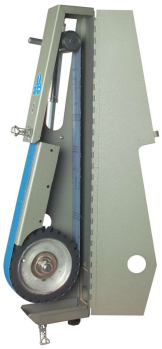

BO double belt grinders - BO 50/8 / 2800

KEF professional heavy double industrial grinders BO is characterized by a simple but strong stable construction. The great distance between grinding arms makes these machines very suitable for grinding of curved issues. The machines are available with one and two speed and can be fitted with an abrasive band on one side and polishing belt on the other side. The BO machines have a low noise level both mechanical and electrical.

BO machines are prepared for connection to the central dust extraction system or the can be supplied with a complete dust exhaust unit. The solidly dimensioned wheel guards and flanges with all current safety requirements. Adjustable spark arresters and eye shields are supplied as standard equipment. Can be delivered with VFCB 220 exhaust and as table model.

Accessories: • Pedestal • Working table with water cup • Complete extraction units

Product Specification

Rpm	2800
Voltage	3x400V-50 Hz
Motor (kW)	1,7
Wheel size, Conctact wheel (ø mm)	200x50x20
Grinder Belt (mm)	50x1600
Number of spindle speeds	1
Without exhaust	1
On Pedestal	1
Length (mm)	560
Width (mm)	480
Height (mm)	890
Weight	70
