Double belt grinder for industry

 # 1022432

BO double belt grinders - BO 75/10 - 1400/2800

KEF professional heavy double industrial grinders BO is characterized by a simple but strong stable construction. The great distance between grinding arms makes these machines very suitable for grinding of curved issues. The machines are available with one and two speed and can be fitted with an abrasive band on one side and polishing belt on the other side. The BO machines have a low noise level both mechanical and electrical.

BO machines are prepared for connection to the central dust extraction system or the can be supplied with a complete dust exhaust unit. The solidly dimensioned wheel guards and flanges with all current safety requirements. Adjustable spark arresters and eye shields are supplied as standard equipment. Can be delivered with VFCB 220 exhaust and as table model.

Accessories: • Pedestal • Working table with water cup • Complete extraction units

Product Specification

Rpm	1400/2800
Voltage	3x400V-50 Hz
Motor (kW)	1,5/2,0
Wheel size, Conctact wheel (ø mm)	250x75X32
Grinder Belt (mm)	75x2000
EX-16	1
Number of spindle speeds	2
With exhaust	1
On Pedestal	1
Length (mm)	1150
Width (mm)	550
Height (mm)	1200
Weight	120
