Industrial belt grinder for aluminum

 # 439232230

BSH horizontal belt grinders - SILVERSTAR

The first aluminium belt grinder in the world! Scantool Group has selected the best raw materials to produce this aluminium grinder. Its special construction guarantees that no explosion can occur in the flammable aluminium dust. The grinding belt will never come into contact with steel parts, even if the grinding belt breaks due to overload or wear and tear.

Exhaust system with delay. The powerful built-in exhaust system extracts the aluminium dust. The exhaust delay guarantees that dust and gasses are extracted 10-15 seconds after the grinding machine has been turned off. The exhaust system turns off automatically. Prepared for central exhaust. Belt grinder for aluminium and for other non-spark metals.

KEF MOTOR

Product Specification

Rpm	3000
Voltage	3x400-50 Hz
Motor (HP)	4,1
Wheel size, Conctact wheel (ø mm)	200x75x20ø
Grinder Belt (mm)	75x2000
Grinding table (mm)	470
Exhaust (m^3/h)	630
Length (mm)	1025
Width (mm)	600
Height (mm)	1000
Net weight (kg)	85
